## DETAILED ACTION

### *Claim Objections*

1. Claim 6 is objected to because of the following informalities: it appears that there should be a semicolon after "...included in the header information" of line 19 because it appears that each client device of line 20 is referring to the plurality of client devices of line 4 and the wherein step is not just a step within the means for registering print restriction information and for issuing and transmitting.

Claim 6 is allowable except for the above informalities.

### *Allowable Subject Matter*

2. Claims 1-5, 7-11 are allowed.

3. This application contains claims 12-17 drawn to an invention nonelected with traverse in Paper No. 4/21/2006. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
